SKILLS

- HTML
- CSS
- BOOTSTRAP
- TAILWIND CSS
- JAVASCRIPT
- REACT JS

EXPERIENCE

Front End Developer

I gained valuable experience during my 2 months internship in Frontend Web Development at Urraan, a CSR project by Codematics Inc. I completed 5 mini projects in HTML and CSS, showcasing my proficiency in creating fully responsive designs. Additionally, I successfully undertook 5 JavaScript tasks, highlighting my ability to improve website interactivity. This hands-on experience has equipped me with practical skills in frontend development, laying a strong foundation for my professional journey in the field.

Self Learning

In addition to my formal internship, I have engaged in extensive self-learning, practicing over 10 mini projects using HTML, CSS, Bootstrap, Tailwind CSS, and JavaScript. This self-learning experience improved my skills and strengthened my ability to create effective solutions in web development.
